PRESIDENTS MESSAGE

What a wonderful club we have. The August Social was a lot of fun. The paybacks, that I received brought a smile to my face and lasting memories.

I want to thank everyone in the club for the very generous remembrance of my 10th anniversary of being your club president. I will always have fond memories of the night. Now when I look at the penny board, I feel a great amount of peace knowing that my father's wish has been completed. So, Thank you Thank you Thank you.

Just a couple of reminders for this month's meeting:

1. Gary will be presenting a grading class, and you are welcome to bring a coin that you want to practice with.
2. There will be **NO AUCTION** at this meeting only to give Gary plenty of time to present without being rushed.
3. Since there will be no auction, we have received permission from the church to access the room at 4:30 – so from 4:30 to 6 pm we will set up for a bourse prior to the meeting. You may bring items to sell prior to the meeting, just keep them in front of you. With that in mind, I want to encourage everyone to come early, look around and possibly buy.
4. There will be a show and tell prior to Gary's presentation.

As always looking forward to seeing everyone.

General Discussion notes:

Holiday tickets are on sale, 5 tickets for \$3

For September's meeting there will be no auction. Gary K. will be presenting a coin grading session. He will be going over 6 coins and how to grade them. Members may bring a Mercury dime, Barber quarter, Franklin or walker half dollar, Peace or Morgan dollar to use as reference.

October AZTCC meeting will have a bigger and longer auction where members may list 7 items to sell. Items should be Numismatic items only. Members will be able to keep the money they win from the auction. Auction sheets will be available.

Our V.P, Aaron W. gave a presentation to Gloria C. for her 10 years as President of AZTCC and everything she has done for the club. However, she had to earn her gift with a game of hot and cold for all the pass mischief (think opposite day and a treasure hunt). Her journey took her around to all the board members and finally was presented with a 1909 S VDB penny to complete her collection.

Next meeting will be 14 September 2026

Meeting adjourned at 8:45pm

SELLING ON WHATNOT “A CRASH COURSE”

By: Rich P.

Selling on Whatnot is a fast-growing way to sell items through live video auctions, much like a modern, interactive version of QVC and Ebay live.

Download the Whatnot App on your phone and tap + Sell to submit a quick seller application which will almost certainly be approved. You only need a smartphone, an internet connection, and a bank account for payouts. You do not need an LLC, formal business license, or fancy studio lighting to begin. It's fairly simple to set up a show, schedule it, and add inventory. If you have many low priced items (priced between \$3 & \$10), whatnot may be a good option. Higher priced items do not seem to sell well. You can run your show for any amount of time. You may set up your show so the buyers pay the entire shipping amount. Shipping must be done no later than 2 days from date of sale. You only get paid once the item is delivered. Getting paid is easy. Once the money is available, you simply send it to your linked bank account. There is about a 2 -3 day turnaround once you request a payout.

Getting to Know You

Mike T.

Mike's grandfather encouraged Mike to start collecting coins in the 1960's. His favorite to collect is silver dollars. Mike settled in Arizona in 1994 from Southeast Iowa. He lived in the town of Burlington. In addition to being a long-time member of the AZ Territorial Coin Club he also belongs to the Four Peaks Coin Club. When he's not collecting/working on his coin collection he likes to keep busy by working other projects.

ANA Educational Opportunity

The ANA Numismatic Diploma Program is a four course online curriculum designed to help collectors achieve the title of “Numismatic Scholar” Courses cost \$75.00 each are self-paced and are hosted entirely on Google Classroom.

The program’s four core courses build your expertise progressively from the basic to more advanced techniques:

Course One: Introduction to Numismatics

Course Two: Grading U.S. Coins

Course Three: Detecting Counterfeit & Altered Coins

Course Four: The Modern Minting Process & U.S. Minting Errors and Varieties

Must be a member of the ANA to take the courses.
